Projects

Pharmacy management system

using Java Spring boot

https://github.com/Rajgopal419/OOADmini_project_PharmacyManagement-System

Worked in a team of 4.

Used Java MVC framework to build a simple pharmacy management system.

Implemented multiple Design Patterns.

Reducing Noise using GNNs for multilabel text data

Used GNNs to reduce Noise

https://github.com/rimura522/MLGA_miniProject

Worked in a team of 2.

We built a GNN model to reduce noise and get node embeddings, which can be used for other models.

Helped increase our understanding of ML models.

GNN, noise
